K-LOVE radio station 91.1 Denver Co is important to me. I listen to the station on a daily basis. K-LOVE provides entertainment, encouragement, no commercials, reminders, news stories, God's word, prayer, laughs, tears and a connection to other listeners of K-LOVE. To replace the station with LPFM programming would be a disservice to me. I'm not sure how LPFM would benefit me or my community. I do know how K-LOVE benefits me and thousands of other listeners and I do know K-LOVE is entirely listener sponsored. Can the same be said of LPFM stations and will they provide the same service?
